Compatible with your device

The archaeology of great writing

Draftback lets you play back the revision history of any Google Doc you can edit. It's like going back in time to look over your own shoulder as you write. Notes:

- With Draftback, your data is kept entirely private. Draftback was purposely designed so that you could play back your own docs without having to share them with a third party. This is -your- data; Draftback just lets you see it in a new way.
- Draftback only needs access to

The screenshot shows a Chrome browser window with the CraftyLevel extension active. The extension's interface is overlaid on the page, displaying a 'CraftyLevel' logo and a 'See the Flesch-Kincaid Grade Level for any web page!' message. A red arrow points from this message to the extension's icon in the top right corner of the browser. The background page is for 'Oshkosh West High School'.

Reading Ruler

- Helps you read long text on webpages
- Assists dyslexic readers keep their place on a page

A screenshot of a news article titled "Elon Musk Testing 'X-Wing' Fins For Reusable Rockets, Seafaring Spaceport Drones For Landing And Take-Off". The article text is partially obscured by a yellow Reading Ruler overlay. The article discusses Musk's efforts to make rockets reusable and mentions a test flight of the Falcon 9 booster. On the right side of the screenshot, there is a "CrunchBase" section with a "FINN PRKX" listing and a "TC NEWSLETTERS" section with several subscription options.
